Sutherland Shire Orchid Society Inc.

NOTICE OF ANNUAL GENERAL MEETING

In accordance with Part 4, Section 28 of the Society's Constitution, notice is hereby given that the Annual General Meeting (AGM) of the Society will be held on:

Monday, 9th March 2026 at the Uniting Church Hall,
cnr. Flora and Merton Street Sutherland - commencing 8.00pm

The business to be transacted at the Annual General Meeting shall be in accordance with Part 4, Section 28 (4) of the Society's Constitution.

At the AGM, the Management Committee of the Society shall be elected and comprises four (4) Executive Office Bearers and five (5) ordinary Committee Members
(Constitution allows for up to nine (9) in total)

A Nomination form for the Management Committee 2026 is attached with this Bulletin, and will also be available at the February monthly meeting.

All completed nomination forms are to be in the hands of the Secretary not less than seven (7) days prior to the AGM i.e. 2nd March 2026.
(by Email: secretary@ssos.org.au - by Post: c/o 548 The Boulevard Sutherland 2232)

***Please Note: Members must be financial to be able to nominate for the Management Committee as well as the ability to vote at the AGM.**

Please consider standing for the Committee of your Society!!

Stenoglottis woodii

From the January Benching

Stenoglottis woodii

exhibited by - Dimitrios Mitsios

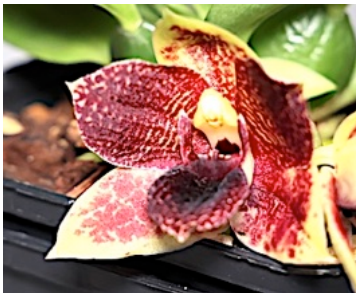

This unique and showy species is found growing mostly on mossy rock areas & endemic to Zimbabwe and South Africa at elevations of sea level to approx 1500m.

It grows as a miniature to small sized, cool to cold growing terrestrial, or as a lithophyte, and tends to prefer somewhat drier and more exposed conditions than other Stenoglottis like - Sten. fimbriata, Sten. longifolia or Sten. inandensis.

It occurs mostly in partial shade on forest margins along the tops of south facing cliffs.

Occasionally it is found in grassland in full sun on rocky outcrops adjacent to forest patches or in forest gorges of deep shade in shallow soil.

An 'Oncid Journey'

Article and Photos – courtesy Melissa Karayannis

Oncidium sphacelatum??

About 30 years ago, I was given a piece of a yellow orchid from my Father-in-Law, Mark Karayannis.

He handed it to me and said “just stick it on a tree branch”. My hobby was at the time creating bonsai in small pots, so the idea of sticking an exotic plant like an orchid in a tree was bizarre to say the least.

But I did as I was instructed and tied it straight onto my ornamental plum tree with fishing line. I was dubious about the orchid’s survival but blow-me-down, it took off like a rocket! Winter sun, summer shade seemed just the ticket!

Several years later we moved house. I just had to take some of this dainty yet ferocious orchid with me, so I cut off a piece and then tied it to a melaleuca tree in my new backyard.

The ‘Bloomin’ thing took off like a rocket again! Well by this stage I’d found out it was an **Oncidium Unknown**, probably **sphacelatum**. It seemed I couldn’t kill the darn thing, so I decided to experiment!

I grew it in a tray, I grew it in pots on a wall, I tied it to more trees, I gave it away, I included it in raffles.....it just kept taking over the universe!

The only hurdle I struck with this Oncid, was when it’s light was reduced.

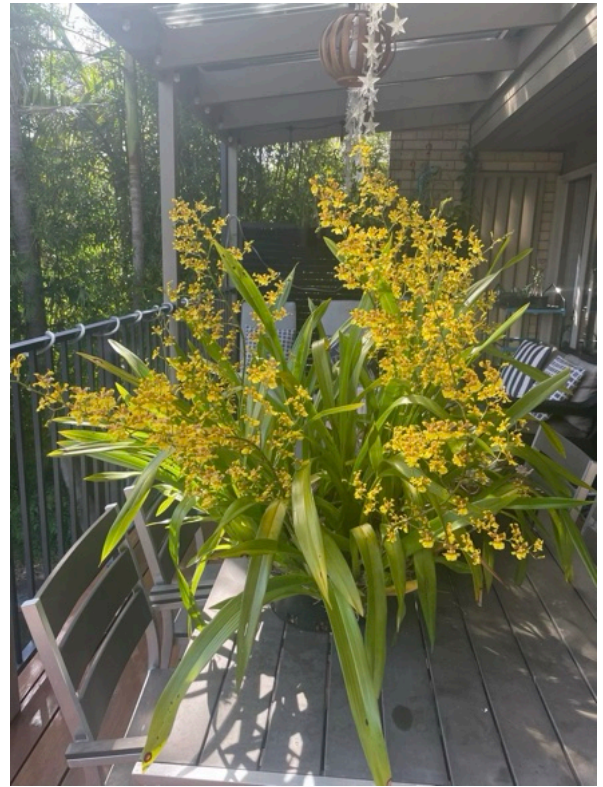

The Oncid in the tree didn’t flower one year when its host’s canopy became too dense.

And **the *Wall of Oncid** in pots didn’t flower this year because the overhead palm fronds blocked their light.

(cont’d next page)

An 'Oncid Journey' - cont'd

Article and Photos – courtesy Melissa Karayannis

So basically, it has been a “weed” growing in our Sydney climate.

All it really has needed is full sun most of the day and extra water in hot weather. If tied to a tree, it has received all its fertiliser from the detritus collected within its leaves.

*The *Wall of Oncid*

Anybody want any??? Please.....

Happy Growing!
Melissa

*** ANNUAL MEMBERSHIP FEES FOR 2026 ARE NOW OVER-DUE! ***

*(Please Note: if any of your contact details have changed, please ensure you complete the **fee renewal form**, and return to the Treasurer)*

ANNUAL FEES:

Adult Single - \$20 **Adult Double** - \$30

Method of Payment - preferably by **Direct Deposit** *(or by cash at the February meeting)*

**** NOTE ** - ALL DIRECT DEPOSITS ONLY TO OUR NEW SOCIETY ACCOUNT BELOW:**

BSB: 032-112. Account #: 368041
Account Name: Sutherland Shire Orchid Society Inc.

Please ensure you put your name in the reference field!!!

Another lovely species from the January Benching

Aerides houlletiana

Open Judges Choice species - exhibited by Wal Chapman

Aerides – from the Greek *Aer* meaning air, and in reference to their epiphytic habit, is a genus of 19 known species.

Aerides houlletiana is a medium to large sized, warmer growing species from SE Asia: Thailand, Vietnam, Laos and Cambodia, occurring mostly in evergreen, semi-deciduous and deciduous dry lowland forests

Found at elevations of sea level to 700 meters in partial shade, with bilobed leaves, it blooms in the spring and summer

It exhibits a 30-40 cm long, dense, pendulous inflorescence carrying many [12 to 20], large, fleshy flowers that are quite delicately coloured and fragrant.

MINUTES

GENERAL MEETING

12th January 2026

President Rhonda conveyed best wishes for the New Year to all and extended a warm welcome to everyone.

APOLOGIES:

Diane Phillips, David Brooks, Di Hannah, Jan Riley, John Hely

MINUTES:

John Costa motioned that the December minutes were an accurate record. Seconded by Pam Davies. Carried.

Correspondence

- Email to Monique Page at Neutrog with the names wishing to join their online store
- Mark Drury emailed AOC with our show dates for publication in Orchids Australia
- Marissa Coombs, Woollooware Shores confirmed the dates for our 2026 shows
- David emailed Toni Benton requesting our 2026 monthly benching classes to be uploaded to our website
- David sent a request for judges for our Winter and Spring shows to Ian Chalmers
- Two letters from Veronica Clowes 1) ideas for attracting new members and 2) a thank you for our support of the Summer Orchid Festival

GENERAL BUSINESS

2026 MEMBERSHIP FEES:

Rhonda advised the annual membership fees are now due. They can be paid by direct deposit to the Society's Westpac bank account or in cash at our next meeting. The fees need to be paid by the February meeting or members will be unfinancial.

WINNERS 2025 ANNUAL POINT SCORE CLASSES:

Rhonda presented the certificates to the members who were unable to attend the December meeting.

NEUTROG'S ON-LINE ACCOUNT:

Last month Rhonda invited members to join Neutrog's on-line store where they could purchase products at reduced prices. A few members gave her their email address which she forwarded to Monique Page, Member Advocate Coordinator, Neutrog. Monique sent those members an activation email for the store. Delivery will be in Autumn.

Once it is delivered, members will be responsible for picking up the goods from John Aitken's place in Bonnet Bay. The address was included in the order confirmation.

EMERGENCY CONTACTS:

Rhonda heard on the radio that since Christmas there have been multiple deaths from drowning along the coast and many people were unable to provide assistance as they didn't know how to perform CPR. Rhonda asked members if any were trained in CPR so that they could render assistance to an incident at our meetings. Two members indicated that they are qualified to deliver CPR.

On that note, the Society does not have everyone's emergency contact details. These are necessary in the event of an incident. Rhonda asked again for members to email the Society at info@sssos.org.au to provide the details of who they would like to be contacted in an emergency. Also, if their address or contact details have changed, please inform us so we can ensure our membership register is current.

MINUTES – *cont'd*

GENERAL MEETING

12th January 2026

LETTER FROM PRESIDENT OF OSNSW:

Veronica Clowes has written to Societies to seek our input for ideas on attracting new members to our societies. This is in response to an enquiry from an affiliate who asked this question. She made the point that on gardening shows we see orchid growers with large collections but should we consider people who have small spaces to grow plants such as villas, balconies and windowsills? Veronice has requested that members are asked for ideas on what we do to attract new members.

General comments:

- Our shows, and potting demonstrations at Bunnings are sources where people can hear about us;
- We promote our society on Facebook and Instagram;
- We hold growers group meetings where the public are invited, to encourage fellowship between members and visitors, and promote the learning in how to grow orchids;
- We have a monthly bulletin with information of activities of the society and minutes of our meetings. This is posted on our website
- We have a sales table at our shows and meetings to enable people to purchase plants at reasonable prices;
- We have a committee who are committed to ensuring the society functions efficiently and successfully;

At our meetings:

- We acknowledge visitors and welcome them
- We have a name badge draw where a member who wears their badge receives a plant;
- Our Judges award a prize certificate for the best Species, Hybrid, Intermediate and Novice plants. The President also awards a prize certificate for a plant of their liking
- We generously remunerate our guest speakers
- Our meetings start on time and finish at a reasonable time
- We have excellent judges and knowledgeable growers who can provide advice to less experience growers
- We have a Plant Doctor session where members can ask for advice on a troubled orchid
- Photographers have the opportunity to photograph beautiful flowers at our meetings and shows
- Our members attend our meetings, and bring their plants to be judged, and for others to enjoy;
- Two volunteers from our shows have the chance to each win a gift at our Xmas party;

Our shows:

- We repot plants for the public for a small fee which encourages visitors to attend our meetings.
- We hold our potting demonstrations just prior to our shows to publicise the shows and attract the public to attend. These are very popular.
- We have a show flyer professionally designed and printed which attracts people and encourages them to take one.

OSNSW SUMMER ORCHID SHOW:

Veronica Clowes has written to Societies thanking us on behalf of OSNSW for our support shown for the Summer Orchid Festival in December. She said the festival was a resounding success. The quality and diversity of orchids on the show bench, the willingness of members to assist, and the strong sense of camaraderie throughout the weekend truly reflected the strength of our orchid community. She thanked the judges, volunteers and sponsors. Veronica advised that the event in 2026 will be held on Saturday 5 and Sunday 6 December 2026, at a new venue: Georges Hall Community Centre.

Jan Robinson wrote an article on the Show which was published in the January bulletin. Thank-you Jan. We are lucky that a few of our members were successful in being awarded prizes and many volunteered their time.

Sutherland Shire Orchid Society Inc.

MINUTES – cont'd

GENERAL MEETING

12th January 2026

GROWERS GROUP INTEREST:

The society usually holds a few growers group meetings during the year. Rhonda asked members if anyone was interested in holding a meeting at their house to let her know.

AUSTRALIAN ORCHID REVIEW:

Margaret Bradhurst, who is the author of the book *Native Orchids of Southern Sydney* donated a number of *Australian Orchid Review* magazines for our enjoyment. These were available for members to take.

SUNBURNT LEAVES:

With this very hot weather, some orchids are getting hammered by the sun resulting in sunburnt leaves. Rhonda sought advice on ways to care for these plants. The suggestions were cutting the burnt sections off the plant and ensure it is well watered. Perhaps provide additional shade on the really hot days.

Rhonda asked what to do if the **bulbs are shrivelled and dehydrated**. The response was to soak in water. A member wished to know if anyone **soaks their bark** constantly so that it is saturated when used. The consensus was not to constantly soak the bark but to moisten it prior to repotting.

ACTIVITIES / GUEST SPEAKERS FOR UPCOMING MEETINGS:

February 2026 – Mike Pieloor “Preventing & Managing Virus” (from Canberra O.S.)

March 2026 - AGM & Karen Groeneveld on Stanhopea (from Canberra O.S.)

April 2026 – Murray Aldridge – When is a Species a Species?

May 2026 – Annual Auction Night

JANUARY ACTIVITY:

David Hicks presented two PowerPoint presentations for members to cast their vote on their favourite from the Open monthly species and hybrid benching winners from 2025.

The two winners each received a \$20 prize certificate.

Congratulations to:

HYBRID: Cymbidium Mary Green ‘Showgirl’ - Dimitri Mitsios

SPECIES: Miltonia moreliana ‘Big Ben’ - Jan Robinson

Rhonda thanked David Hicks for compiling the presentations and running the presentation.

MONTHLY PRIZE PRESENTATIONS:

Raffle Draw: Paul Sheaffe, Joan Sutton (2), Robert Nicol, Gary Finn, Graham Towle, Maria Bootland

Name Badge Winner – Nil as the names drawn were not present.

JUDGES:

Rhonda thanked our judges, Wal Chapman, Jan Robinson, Richie Dimon, Melissa Karayannis,

JUDGES’ CHOICE AWARDS:

PLANT OF THE NIGHT: Paph Wyruna Vietnam Magic – Jan Robinson

JUDGES CHOICE OPEN HYBRID: Paph. Wyruna Vietnam Magic – Jan Robinson

JUDGES CHOICE OPEN SPECIES: Aerides houlletiana – W & J Chapman

JUDGES CHOICE INTERMEDIATE: Nil awarded (no entries)

JUDGES CHOICE NOVICE: Miltoniopsis Arthur Cobbledick ‘Springtime’ – Graham Towle

PRESIDENT’S CHOICE: Paph bellatulum – Terry Thompson

CLOSING: Thank you to Melissa Karayannis for sweeping the floor.

Next Meeting - 9th February.

Meeting closed 9.35pm.

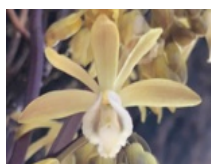

*To immerse yourself in the most diverse and amazing collection of species orchids on the planet, **click on the link below** to Andy's Orchids located in Encinitas California USA.*

There are video tours by Andy of the various nursey areas, individual species, guides to mounting orchids, and cultural hints.

Virtually all of the hundreds of thousands of orchids are growing on mounts.

Local Orchid Spotting

Have you recently spotted one of our beautiful and unique Aust. native orchids in your local area or on a recent trip?

Like to share the photo with other members?

Please forward to the email address below to have it published in our Bulletin.

Many thanks - Editor

Please forward to:
davehicks@outlook.com.au

Dear SSOS Members

Do you have a lovely **specimen plant** in full flower that is always too large to transport to a meeting or show?

How about sending in a photo for the Bulletin to share it with other members?

And tell us something about its history?

Please forward to the Editor:

David Hicks E: davehicks@outlook.com.au
(before 28th of the month)
